SUMMARY

A dynamic individual with unwavering dedication and ardent enthusiasm for learning. Despite having only one year to get used to with React and learning UI/UX, a foundation in analyzing and developing user interfaces has been acquired through the use of libraries and frameworks such as NextJS and Tailwind, etc. Additionally, skilled in using visualization tools such as Figma to support UI/UX design. Able to adapt and immerse myself in new environments for personal growth. Seeking a front-end developer internship to further develop skills and gain more experience in this field.
